Hello friends!

Preschool! What a joy to teach our little ones each week! This year I am teaching school again. WOW...my life has been hectic. But, one of the joys of teaching is that I am exposed to every grade of children. I teach middle school choir at church, and K-5th grades at school. My kindergarten children are working on a musical right now. It is so fun to see them begin their love for music and for the Lord and His wonderful world. We are singing the "Rainbow Song" at school. The children love making rainbows as they sing about the promise of love.

When Pam Andrews Music was conceived, our first thoughts were centered on our preschool church community. I have worked for many companies and I know that a preschool product is very difficult to become reality in most organizations. You see, publishing companies make money on book sales and in the preschool area books are not needed by anyone except the director. Thus low book sales create few preschool music products. I have had such a burden on my heart about this deficit in our children's music world. There just had to be a way to provide great songs with great lessons with awesome movement activities for our little ones. With the guidance and direction of the Lord, we have many, many fine preschool songs on the Pam Andrews Music website to download as well as these fine collections which are now readily available.

Thank you so much for all you are doing for children. The Bible says in Proverbs 22:6, "Train up a child in the way he should go, Even when he is old he will not depart from it." They say that when an elephant is a baby, the trainer puts a chain around its leg anchoring the chain to the ground with a stake. The elephant at this young age cannot pull away from the stake and learns to stay put without incident. As the elephant grows, the trainer keeps the chain in place. One day the elephant will grow to be an adult, obviously large enough to pull away from the stake. BUT because he was raised to comply with the power of the stake and chain, he obeys. The largest elephant will stand very still with a chain around its leg...even when the chain is not actually staked to the ground. As we train our children in the ways of the Lord, we should remember this concept. If we raise our children from babies in the Lord, they will not pass away from this training as adults.

Please keep in touch and let me know what you think, need, and want in music for our children. I am always here ready to listen. Have fun with those preschoolers! Give them a hug from Mrs. Pam.

Living for Jesus!

When I share with friends, I make God smile.
When I show my grin, I make God smile.
When I go to school, I make God smile,
Obey the golden rule, I make God smile.
